TO WHOM IT MAY CONCERN

The present letter is to confirm that Ms Gillian Leithman is our instructor from our EAD (Employee Assistance Program) and she has given up-to-now 3 seminars to a group 20-25 employees.

The different presentations were on Stress Management, Effective Communication and Work-Life Balance.

On each occasion, Ms Leithman held a very professional and interesting presentation. She was well prepared and documented. She expresses herself with a dynamic attitude and precise language. She knows well how to handle different personalities and questions within a group.

I do not hesitate to recommend Ms Leithman for training sessions and hope that she can bring some well-being again to our group of employees.

If you need more information, please do not hesitate to contact me.

Yours truly,

Lyne Couture, B.Sc. CRHA
Human Resources Manager
