To whom it may concern,

Gillian Leithman presented a Wellness Seminar to a group of our employees on June 13, 2006. Gillian was a very dynamic facilitator and encouraged the participants to be interactive throughout the seminar, and to my opinion was successful. Gillian presented with a lot of energy and confidence. She communicated very well, and spoke clearly.

Overall, Gillian was an excellent facilitator and adapted well to the group.

Best regards,

*Lori Campbell*
